## Environmental Protection Policy

### Purpose

The purpose of this policy is to establish guidelines for Caldicot Town to improve its environmental footprint and promote sustainability in all aspects of event organization, infrastructure construction, and management. This policy aims to ensure that Caldicot Town contributes positively to environmental conservation, resource efficiency, and overall sustainability.

### Scope

This policy applies to all activities, projects, events, and infrastructure developments managed or overseen by Caldicot Town. It covers planning, execution, maintenance, and review processes to ensure environmental protection principles are embedded in all stages.

### Policy Statements

#### 1. Sustainable Event Management:

- Promote the use of sustainable practices in planning and conducting events, including minimizing waste, encouraging recycling, and reducing carbon emissions.
- Ensure the use of eco-friendly materials and suppliers wherever possible.
- Encourage the participation of environmentally responsible vendors and sponsors.

#### 2. Infrastructure Construction and Management:

- Implement sustainable design principles in infrastructure projects, focusing on resource efficiency, energy conservation, and environmental protection.
- Minimize the environmental impact of construction activities by adopting best practices in waste management, pollution control, and biodiversity conservation.
- Incorporate renewable energy solutions and low-impact materials in construction where feasible.

#### 3. Resource Efficiency:

- Promote energy-efficient technologies and practices throughout all operations.
- Reduce water usage and enhance water management systems to prevent wastage and pollution.
